Fun Fact about Prince:
He was awesome at Basketball.
Prince may have been a diminutive 5-foot-2, but he was a beast on the court. His basketball prowess was unknown to the world until comedian Charlie Murphy shared his story about playing a late-night pick-up match with the artist back in 1985. Apparently, Prince wiped the floor with Murphy. He was also an avid sports fan, releasing the song "Purple and Gold" ahead of the Minnesota Vikings' 2010 NFC Championship Game against the New Orleans Saints.

Green Thumb??
The right ear is more efficient for listening to speech, while the left ear is better at listening to music.
